Tim currently leads the organization responsible for providing Intel's Business Groups with Technology and Supply Chain Solutions in outsourced manufacturing. In this role, Tim leads a worldwide organization of Engineering and Business teams accountable for Manufacturing Operations, Bill of Materials and Supplier Relationship Management across the spectrum of Silicon Foundry, Packaging and Assembly/Test, ODM/EMS, and component selection and procurement.

Prior to this assignment, Tim has been a supply chain leader with over 25 years of experience in the semiconductor and electronics industry. His Supply Chain leadership experiences encompass worldwide distribution, postponement and transportation, as well as production planning. In addition to Supply Chain, Tim has held management and leadership positions in Manufacturing, Finance, and IT functions. Tim spent 2 years with his family stationed in Japan as the Director of Finance and Administration, leading the financial, legal and operational teams for Intel's Japan business.

Tim is active in the local community, as Vice Chairman of the Valley of the Sun YMCA, and a volunteer at the Valley of the Sun United Way.
